TO WHOM IT MAY CONCERN:

Bentall Kennedy, is the landlord of the office building located at 6880 Financial Drive in Mississauga. The tenant of this building is RBC Financial Group with approximately 6,000 employees working at this location. Bentall Kennedy does an annual Earth Day celebration and sale in the lobby. This year we were fortunate enough to have the participation of international wildlife artist Michael Pape.

Michael provided four of his framed, wildlife fine art limited edition prints for sealed bid auction, which created much added interest and beauty to our lobby, to raise money for the Endangered Species Fund of Canada. This charity is very important to Michael for their public education and conservation initiatives for endangered species. Bentall Kennedy is also very involved with environmental issues, and partnering with Michael to raise funds and awareness was an extreme pleasure. A portion of the vendor sales was also donated to the Endangered Species Fund of Canada.

Michael was instrumental in arranging for the Endangered Species Fund to visit our building for our Earth Day celebration and sale. They brought with them a 5 1/2 month old Siberian Tiger, a Boa Constrictor, an Asian Lynx and a Tarantula. The hundreds of tenants in our building that came out to this event were delighted to see the animals and, most importantly, were enlightened by the inspirational presentation put on by the Endangered Species Fund, as well as Michael's paintings.

This was by far the most successful Earth Day event held in our lobby.

Thank you Michael

Bonnie Young  
Tenant Services Manager
